##### The Bay - The Bay Beach & BBQ

**Where the sky kisses the sea!**

One of the most beautiful places in the resort where you can combine the beach with an excellent cuisine.

You will find it in the tranquillity of the small bay in the resort, on the very beach - awaiting the sunrise and seeing away the sunset. The coolness of the stone booths, the cosiness of the bar and the picturesque beach will not let you go or sail! You should just see the sky kissing the sea!

##### MORE beach restaurant

**Where the sunset embraces the sea!**

Literally. There is no other coastal location in the resort of Sts. Constantine and Helena, from which this perfect view is so palpable.

Restaurant MORE was created with a joke in the name. This "more beach restaurant" emphasizes on more. And the beauty of the native shores, and the secrets of the Black Sea cuisine!
